About Kirk Larsen & Ascanius

Kirk Larsen & Ascanius (CVR no. 33646925) was established in 1973 by Sten Kirk Larsen. Since 1973, we have grown to over 100 employees, with offices in Nuuk, Esbjerg, Copenhagen, Herning, and Skjern.

In October 2022, we opened the 5th office under the name Kirk Larsen & Ascanius – the Greenlandic subsidiary – Kirk Larsen & Ascanius Greenland (CVR no. 43566040).

With the opening of the office in Nuuk, there was a desire to establish a genuine law firm and a physical presence in Greenland. Our local anchoring has been a significant prerequisite for opening the office, and at the same time, we have a strong focus on providing the best advice for our clients. When it is in the client's interest, we also actively collaborate with our colleagues from Kirk Larsen & Ascanius in Denmark by assembling teams with specialists across Greenland and Denmark.

We work every day to create value for our customers by providing clear answers and focusing on the most important aspects of each case. We participate in negotiations on behalf of our clients and understand that the law is often just one of many relevant aspects that need to be considered for our clients to achieve the best results.

Our size and experience, combined with our local presence in Greenland, allow us to deliver the best solutions in the market for our customers. It is also a clear ambition for our Greenlandic office to continue developing in the legal services market in Greenland.

Code of Conduct

Danske Advokater has established the Lawyer CODE OF CONDUCT, where we annually commit to reporting on our work concerning corporate responsibility and ethics. We have been part of the Lawyer CODE OF CONDUCT since its establishment and continue to actively support it. This means that, in addition to adhering to the ethical rules of the legal profession, we also work with the elements of the code: Visible social responsibility, ethical dilemmas, modern leadership, diversity, as well as openness and transparency.
